

Inspiration

Back in college I spent a semester abroad in La Mia, Italy. In order to earn a few extra euros I had to pick up a side gig. They told me to wear a suit to the interview – so I put on my best three-piece and headed to the address. I didn't realize until I got there that they meant wet-suit. Probably should have thought about that considering it was for a snorkeling instructor. Still got the job.

Comfort in any situation
